

## Cast Steel Trailer Axle Hub Precision Investment Castings For Agricultural

Our Product Introduction

for more products please visit us on [greycastironcasting.com](http://greycastironcasting.com)

### Basic Information

- Place of Origin: Ningbo,China
- Brand Name: NC111
- Certification: ISO 9001,CE
- Model Number: 111
- Minimum Order Quantity: 1 PCS
- Packaging Details: Wooden Case
- Delivery Time: 25 days
- Payment Terms: L/C, D/P, T/T
- Supply Ability: 30,000 pcs per month

### Product Specification

- Material: Cast Steel
- Application: Agriculture, Automobile, Machinery, Industry, Etc
- Surface Roughness: Ra6.3
- Certification: CE, ISO 9001:2008
- Dimension: Can Be Customized For Your Requests
- Standard: ASTM
- Inspection: By Professional Measuring And Testing Devices
- Highlight: **steel investment casting, lost wax casting**

## Product Description

### Cast Steel Trailer Axle Hub Precision Investment Castings For Agricultural

#### Application

Trailer axle hubs play an integral role in keeping trailers rolling along. The trailer axle hub assembly connects the trailer tires to the trailer axle and facilitates their spin. If 6 Bolts Trailer Axle Wheel Hub Assembly those axle hubs corrode or aren't installed properly, it will throw the trailer tires out of alignment and could lead to serious damage of your vehicle, trailer and whatever you're toting around. If, for instance, you're towing your dinghy to the lake for a weekend getaway, that fist-sized collection of hardware in a axle hub can make the difference between relaxing on the water and spending hours making repairs.

#### Factory Information

Sunrise Foundry is producing cast iron and cast steel castings by various sand casting and precision casting processes, including Automatic Molding Line, Resin Sand Molding, Shell Molding, Manual Green Sand Cast Molding, Shell Molding, Lost Wax Investment Casting Process by water glass and silica sol materials.

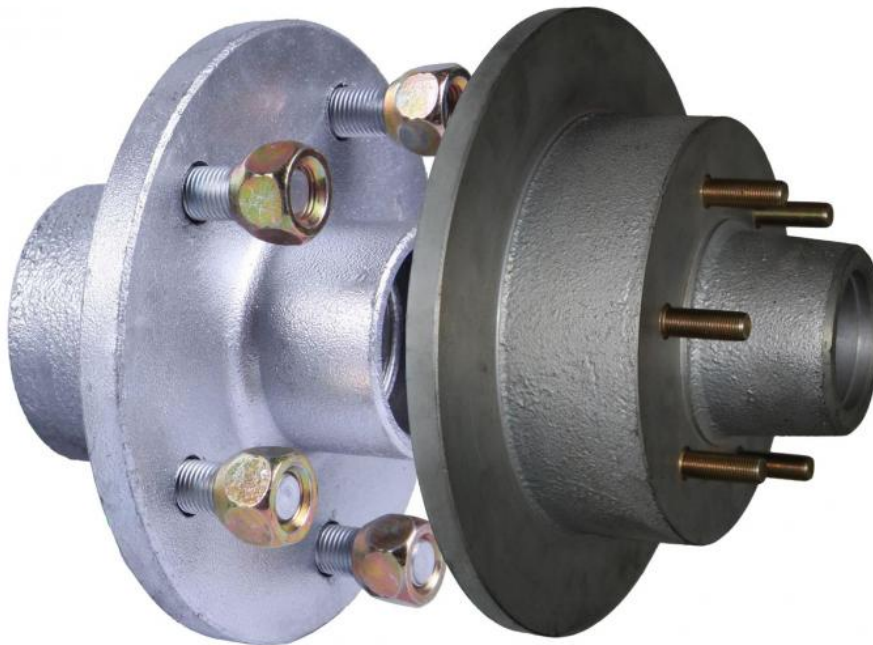

We have full set of testing equipment for physical property, chemical analysis, metallographic test, etc.

Related Product:

Semi-trailer axles, landing gears, suspensions, fifth wheels, kingpins, friction material, slack adjusters, chambers, steering front axles, single reduction & hub reduction drive axles etc.

#### Product Details

Material	Carbon Steel, Low Alloy Steel, Ductile Iron, Gray Iron
Standard	DIN, ASTM, JIS etc
Certificate	ISO9001:2000 ISO9001:2008 ISO / TS16949
Weight range	1Kgs-2000Kgs
Moulding Process	sodium silicate sand casting, resin sand casting, lost foam casting
Surface treatment	Painting, Polishing, Heat treatment, etc.
Machining	Lathe, CNC(HASS), Drilling Machine, Milling Machine, Boring Machine, Planing Machine
Packing	wooden cases, cartons, as customers' requirements.
Inspection	Foundry in-house Third party inspection available upon customers' requirement

#### Our Service

1. All enquiry will be valued and replied within 24 hours;
2. We will give you professional suggestion according to different markets and products;
3. Our Inspection Department will test each product to ensure the high quality, with material test & performance test;
4. Quick & efficient delivery to guarantee your inventory;
5. Good package to protect the products;
6. Any of your feedback will be highly appreciated to make sure we can do better and better;
7. Accept OEM & ODM, our strong design team support customized products according to customer's requirement;
8. Sample and small order is welcome;

#### FAQ

1. Q:What's your best price for this product?

A: We will quote you best price according to your quantity, so when you making an inquiry, please let us know the quantity you want.The more quantity the better price.
